DIETARY REQUIREMENTS

We usually have 3 vegetarians and 1 vegan within our team that need to be catered for. Due to growing pressure worldwide, we have made the decision to withdraw our support from the land mammal meat industries in 2019 for environmental and moral reasons. If it can be avoided, we would appreciate if our clients would respect our choices and avoid serving the band beef, pork or lamb. Chicken & fish are fine for meat eaters. Please contact us if this makes things difficult for your caterers.

Full crew size is usually band size + 2
